Centre of Excellence for Energy Research

organize

A Webinar on

Biodiesel Characterization and Data Interpretation

Date:07/05/2020

Highlights

Biodiesel – Know how?
Success of Transesterification
Reactor Operating Procedures and Conditions
Biodiesel Analytical Methods
Biodiesel properties, performance, and emission data interpretation
Algae extraction techniques for biodiesel production – An overview

Who can register? Students/Scholars, Academicians from the Departments of Mechanical Engineering, Chemical Engineering, Automobile Engineering or from any branch of Science interested to understand explore on Biodiesel can enroll in this webinar.

[CLICK HERE TO REGISTER](#)

Registration fee

Students /Scholars: 250 INR

Academicians : 350 INR

Industrial Participants/Other Labs: 500 INR

**REGISTRANTS ARE REQUESTED TO
DOWNLOAD THE ZOOM APPLICATION
BEFORE THE SESSION**

E-Certificates will be provided on completion of the Session
