ABOUT CENTRE

To encourage and motivate researchers across the globe, centre have been initiated in the institution towards innovation in the field of Science and technology. Sathyabama Institute of Science and Technology with the joint initiative of the National Solid Waste Association of India (NSWAI) has established the Centre for Waste Management in 2011. Centre was devoted to develop innovative products, patent liable novel ideas in Waste Management, publish experimental outcomes in Q1 journals, train graduate students, offer consultancy services and pursue outreach activities so as to translate the research findings to the society for environmental and economic benefits

ABOUT WORKSHOP

Software Workshop is a unique Central Scientific Facility that brings together scientists and software engineers to translate basic research into robust and standardized software systems. Software development is a field that requires its practitioners to have a good understanding of multiple programming languages, operating systems, database systems, and more.
While it's undoubtedly a promising career, the vastness and complexity of software development can make it hard to learn

Patron

Dr. T. Sasipraba, Vice Chancellor

Conveners

Dr. S. Barani, Professor, ECE
Dr. S. Poornapushpakala, Associate Professor, ECE
Dr. M. Subramoniam, Associate Professor, ECE
Dr. J. Arun, Assistant Professor (Research), CWM
